Dear All,

What a fantastic spring term we have had at St Peter's. Culminating the last couple of weeks with our great external review report and yesterday an amazing E Safety assembly. Our KS2 pupils hugely enjoyed the interactive presentation from Google and are looking forward to playing the safe games online.

Thank you to everyone for your support this term, I wish all our children and families a happy, restful Easter break. I look forward to working with you again in the summer term.

Mrs Banks.

WASPS—CRISP PACKET RECYCLING

We are supporting a new recycling initiative from Walkers crisps. Recycle your empty, clean crisp packets with Walkers, who will then process the packets into plastic pellets to create items such as furniture, plant pots and watering cans! (In the future, WASPS will also be able to convert the weight of the crisps packets into money for the school - but we need lots of crisps packets to do that!) They can be any branded crisp packets at all! We even accept the multipack packaging!

Our recycling bin will mainly be in reception but moved to the dining hall every lunchtime. That way, parents can dispose of packets at any time and children can do so during lunchtime.

So please save them for us and not for the landfill site!

Thank you for our support!

PUMA NEWS

The Pumas have really been getting to grips with writing Non-Chronological reports this term. We began by creating a report about the Hound of the Baskervilles, then researched our own choice of animal to create a report and are now completing one all about Knights in our Topic Work. We have made an Animal Encyclopaedia which can be found outside the office and we are hoping that Mrs Heptonstall will allow our Knight reports to be added to the Library.

TURTLES (Year 6) VIST WARNING ZONE

On the third of April, Year 6 went to Warning Zone at Frog Island. Warning Zone is a place that many Years 6's travel to because it teaches pupils about how risky situations are made or found and how to avoid them. These include: house fires; drugs and alcohol; knife crime; water safety (canals, rivers and oceans); electricity and building sites, e-safety and others.

This trip is beneficial because it teaches children at a young age about major and common risks so they don't make bad choices later on in their lives and so they can pass the knowledge on. This, along with being educational is very fun and interactive which makes it easier for some people to learn and makes children pay even more attention. Year 6 had a fantastic time and learnt lots of important life lessons.

GENEROUS BOOK DONATION!

All of us at St Peter's would like to say a huge thank you to the kind people at Hachette Publishing, who have generously donated to us lots of exciting new books for our school library. These books cover all the age ranges from EYFS all the way up to Year 6, and will continue to develop our children as readers. We are currently in the process of organising them so keep your eyes peeled for when they appear on the shelves. I look forward to hearing about these books when the children begin to read them and am positive that this will continue to forward our goal of ensuring a love of reading for everyone at St Peter's. Once again, a massive thank you to Hachette, and especially Lucy Debney from the Children's department, who made this possible.
