

End of Year Reports

End of year reports will be sent home on Friday 30th June. Across Embrace primary schools these are in a new format this year and so will look a little different to previous years. In year 1-6 they will continue to include:

Attainment for all subjects— if your child is working at the expected level for their year group.

Behaviour and effort.

Attendance

A comment on English and maths.

A class teacher and headteacher comment.

Next steps for learning.

EYFS reports are slightly different with the attainment focused on the EYFS areas of learning and with no teacher comments for English/ maths.

Also included with the reports will be information on your child's new teacher.

On Monday 3rd July we would like to invite you into school for an informal drop in session to talk to the current class teacher about the report if you would like. It is also an opportunity to and meet their new class teacher, where this is possible.

Spotlight on Water Safety

Now that the sun is out and Summer is here, I thought it was worth highlighting the importance of water safety. Many of our children will be spending time in the paddling pool and some may even go to the beach. Unfortunately, this time of year also brings stories of children swimming in unsafe water, so I have attached below some good websites to talk through with your child to highlight dangers.

£10,000 and will be having a final push between now and the end term to try and achieve this goal, please continue to support

of

Last week Year 1 and Year 2 went on a trip to Twycross Zoo. The children loved the tour, which included an up close and personal view of the animals as well as interesting facts. Did you know that a flamingo is pink because of the food it eats?

After looking at all the animals, we walked through the Gruffalo trail. The children even had a chance to see the Gruffalo!

The children were so excited to visit the zoo and acted like mini zookeepers themselves. The children were a credit to St Peters and all the teachers were
